

KEEN EYES FOR A CLASSIC GUY

If you have a keen eye, check out the cover for Christian City Youth's latest CD.

A member of the band is wearing a t-shirt that features a well known Christian artist.

Who is the artist?

I'll give you a clue... he visited Australia several times in the '80s.

I'll tell you the answer later today - as soon as you email your guess - then you can pass this around to your staff and friends...☺.

No prizes, just the knowledge that you're 'in the know'!

Meanwhile, pop Christian City Youth's latest radio single *More Than* in your player.

The song's available in a number of customised edits for different radio formats, and there's a version that will suit your station...

NEW SOUND

So what's the new sound of Christian City Youth?

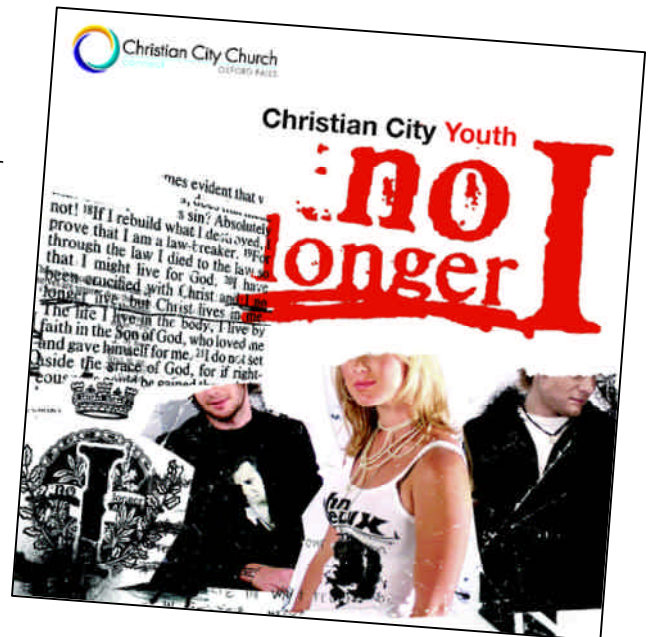

Think Mae, Coldplay and Gwen Stefani with a taste of Delirious?.

PHONERS

By the way... phone interviews are available with the group, but be quick!

NO LONGER I TOUR

Christian City Youth is set to release its latest album *No Longer I* with a series of concerts, conferences and youth events around the country soon.
