LIMITED EDITION PC3 RADIO RESOURCE DISC

Woodlands Media is pleased to give you a limited edition Paul Colman Trio *Radio Resource Disc*.

It features the trio's new radio single TURN which is available for immediate airplay.

The *Radio Resource Disc* also includes song introductions, CD launch invitations, station IDs, holiday greetings, a 30-minute radio special, plus a personal 'not for-broadcast-message' for you!

RADIO SPECIAL – NATIONAL RADIO PREVIEW

The national RADIO PREVIEW is set for 30 October. We'd like to invite you to participate in airing the 30-minute radio special on that day or night, or sometime during that week. Naturally, you can air it as many times as you like, but we do seek your co-operation in not playing it on air before. This allows you plenty of time to build interest and promote it on your station.

Please let us know (by email or fax) when you're airing it, and we'll gladly list your station and the schedule time(s) on the trio's website.

NATIONAL CD LAUNCH TOUR

The National CD Launch Tour 2000 commences on 2 November, takes in 26 metropolitan and regional cities, and travels 15,000 kilometres across Australia.

We'd also like to invite you to encourage your listeners and friends to come to the launch. The CD contains four personalised invitations from Paul, Grant, and Phil.

This will be a thoroughly interactive and thought provoking evening, full of fun and encouragement to you and your listeners.

FINALLY

Thanks for your support of Woodlands Media, the Paul Colman Trio, and all our clients.

Kind regards,

Wes Jay

Creative Director
